Counting Counts!

Practicing forward and backward will help support your child as they add and subtract numbers. Car rides are a great time to practice! Count forward and backwards by 1s, 2s, 5s, and 10s. It's important to start at different numbers, such as starting at 23 and counting forward by 2s. Or starting at 85 and counting backwards by 5s.

Math

We will finish up our chapter on grouping and sharing. Important math phrasing includes;

Groups vs. Groups of

How many groups?

How many in each group?

4 threes = 12 (example)

Spelling

Spelling Lists: 41 & 42

Concert

All students will see the concert in the morning on the 12th. Please do not check out older siblings from their classrooms until AFTER the 2:00 concert. This ensures there is enough seating for all parents/grandparents attending.
