Civil Rights Leaders Note

During the next few weeks, your child will be learning about key civil rights leaders in American history. This unit covers some sensitive issues, including discrimination and segregation. The historical events presented in this unit are conveyed as historical and cultural information in an age-appropriate way. However, students may still have questions about how the unit content applies to themselves and their own experiences. In such instances, we will encourage each student to discuss such topics at home. We recognized that the best place to find answers to those types of questions is with your family and adults at home.
