CSP highly recommends the purchase of one of these additional Spalding teaching tools to help you practice phonograms at home with your child:

- Phonogram Sounds CD – 87: The 70 phonograms plus the 17 additional phonograms on a five-track CD. This new CD has all new recordings by a Spalding Certified Executive Trainer. Orders of a single CD will be shipped via US Mail.
- Phonogram Sounds DVD: The purpose of this phonogram DVD is to provide additional practice for students who need extra practice with the phonograms.
- An App for Spalding Phonogram cards can be purchased in your phone's App Store. This is a great tool to practice phonograms at home or on the go!
 - The App is called: Phonograms by Spalding Education International
