

## TCA Cottage School Program Back-to-School Night for Grades K-6 & New Parent Orientation

### Thursday, August 17, 2023

The Cottage School Program teachers and staff invite parents to attend our Back-to-School Night and New Parent Orientation. Each teacher will share details about class schedules, homework, and how to support your child at home with the CSP curriculum. The optional New Parent Orientation sessions are for families brand new to CSP where we will provide an overview of the program (to include our mission statement and core values, as well as logistics such as communication and where to find important information) and provide the opportunity for Q & A. The two sessions are identical; feel free to attend the session that works best for your schedule. Our grade level sessions are also identical, although we ask that you try and attend each teacher's classroom session based on the day your child has school. However, should you have, for example, a 1<sup>st</sup> and 3<sup>rd</sup> grader who both attend school on Wednesdays—feel free to attend the Wednesday session for one child and the Thursday session for the other (or to divide and conquer with another adult). Please note that this evening is for parents only (no students, please); nursing babies are welcome.
