knife	wagon
mouth	wheat
oak	window

Science

In science we are starting to learn about matter. This unit focuses on the scientific concept that matter exists in different forms that possess different properties. We will discuss how matter can change by cooling or heating it. And finally we will learn about how objects can be built up or torn down and recreated using the same parts.

Happy Fall!

October Poem

Windy Nights

Robert Louis Stevenson

Whenever the moon and stars are set,
Whenever the wind is high,
All night long in the dark and wet,
A man goes riding by.
Late in the night when the fires are out,
Why does he gallop and gallop about?

Whenever the trees are crying aloud,
And ships are tossed at sea,
By, on the highway, low and loud,
By at the gallop goes he.
By at the gallop he goes, and then
By he comes back at the gallop again.

Sayings for October

**Back to the drawing board
Better late than never**

Be looking for ways to bring these into your conversations 😊
