Cabinet Level Owner:	Director of Academic Services

It is the policy of The Classical Academy (TCA) to maintain classrooms in which student behavior does not interfere with the ability of the teacher or licensed staff member to teach effectively or the ability of other students to participate in classroom learning activities.

Students shall be expected to abide by the code of conduct adopted by the District or TCA Administration and any other appropriate classroom rules of behavior established by the teacher or licensed staff member, and approved by the building principal, for the purpose of maintaining order and a favorable academic atmosphere. Any student who violates the code of conduct or other classroom rules may be subject to removal from class and/or disciplinary removal.

Student removal from class is a serious measure and should not be imposed in an arbitrary, casual, discriminatory or inconsistent manner. Behavioral expectations are always more constructive and more likely to be followed when they are communicated as clearly as possible to students. However, it is neither possible nor necessary to specify every type of improper or inappropriate behavior, or every circumstance that would justify removal from class under this policy. Teachers and licensed staff members are expected to exercise their best professional judgment in deciding whether it is appropriate to formally remove a student from class in any particular circumstance. All instances of formal removal from class shall be entered in the student information system.

A teacher or licensed staff member is authorized to immediately remove a student from his or her classroom if the student's behavior:

1. violates the code of conduct adopted by the District Administrative or TCA policy; or
2. is dangerous, unruly, or disruptive; or
3. seriously interferes with the ability of the teacher to teach the class or the students to learn.

A student with a disability may be removed from class and placed in an alternative educational setting only to the extent authorized by state and federal laws and regulations.

Removal from class under this policy does not prohibit TCA from pursuing or implementing additional disciplinary measures including, but not limited to, detentions, suspensions, or expulsions for the conduct or behavior for which the student was removed, in accordance with District and TCA policy concerning student suspensions, expulsions and other disciplinary interventions.

The President is directed to establish procedures to implement this policy so that formal removals from a classroom occur in a consistent manner throughout TCA. Parents/guardians should be notified of the student's removal from class in accordance with established procedures.

This TCA Policy replaces ASD20 Policy JKBA Disciplinary Removal from Classroom.
